FROM: RED DEER CITY RCMP

RE: FILE 2013-772740 - BODY ON RIVER

AT 13:54 HRS TODAY A WITNESS SPOTTED WHAT APPEARED TO BE A MALE BODY FLOATING IN THE RED DEER RIVER AT RED DEER. BODY IS DESCRIBED AS MOST LIKELY A CAUCASIAN MALE WITH SHORT BLACK HAIR, WEARING A GREYISH WHITE T SHIRT AND JEANS WITH NO SHOES. THERE WAS NO VISIBLE INJURIES. A SEARCH OF THE RIVER AT AND NEAR RED DEER BY EMS AND RCMP WAS NEGATIVE. THE RCMP HELICOPTER IS UNAVAILABLE AT THIS TIME. WE ARE REQUESTING YOUR DETACHMENTS TO BE ON THE LOOKOUT AND WATCH FOR SIGHTINGS OF THE BODY OVER THE NEXT SEVERAL HOURS AND ADVISE RED DEER CITY RCMP OF ANY DETAILS.

THANK YOU FOR YOUR ASSISTANCE

Chestermere Detachment Members please be advised due to the flooding issues in the area both Cst. PENNEY and Cst. HALL are deployed to Canmore and High River respectively.

Both may be involved in deployments tomorrow and the near future.

2B53 is presently stranded above water in Canmore should anyone be looking for it.

Lets be thankful Chestermere has no river running through our community and our citizens are not being evacuated to emergency shelters .

Subject: Floods

1406 Hrs- Insp Pott- DEOC has called Cpl. Franks. Military trying to raise her. Unable to do so. Messages from Military left on Cpl. Franks phone. I contacted Cpl. Franks. STO has just arrived and Cpl. Franks will contact the Captain.

14:15 hrs . SSgt Waidson to Insp Pott email

- Hwy #22 at Elbow River - call in to Alta Transportation to close HWY #22 . Water completely across road now. Members on scene.

- RV County advises that they may evacuate the Hamlet of Bragg Creek. Power may be shut off. If this occurs RCMP will be asked to secure empty Town . They will advise when decision has been made.

- Redwood Meadows has a Voluntary Evac order in place .

- 2 Firefighters have been swept away. Crews have them in sight and are trying to retrieve them.

- Morley has localized flooding but no one is in any danger. Morley administrators are starting up an EOC and have offered their schools as reception centers for any stranded motorists from Hwy#1.

- the flooding on Hwy #1 at OZADA is reduced . Traffic is moving there now.

TASK AND TASK ACTION REPORT

TASK00047 - LIAISE: RCMP: - HIGH RIVER DETACHMENT

- Town of Cochrane status is unchanged. River is rising but at acceptable levels .
- not presently raining.
- the attached picture is the main 4 way intersection in Bragg Creek.

1506 hrs - Sgt Neely to Insp Pott

Both people swept away into the Highwood River near Longview have been rescued on the shores of the river . Believed to be well.

2 members' homes in Canmore affected, one possibly washed away. 1 PC washed away. 1 member in High River with flooded basement, 1 member in Bragg Creek with flooded house.

Gas leak is under control, however, divers must seal leak from under water, and due to turbidity and speed of water, this cannot yet be continued.

Power now off in Bragg Creek so mandatory evacuation now in place.

Parts of Okotoks under evacuation order.

1522 Cpl. McKenna Crowsnest to Insp Pott

Rain has stopped and water levels starting to drop, Flooding in residential areas of east Blair water levels dropping enough . Crews are dealing with log jams and debris on streets.

Hwy 3 west to Sparwood down to one lane traffic, highway still open with delays

Hwy 22 north and highway 940 north still closed .

Adequate manpower at this time.

One camp of over due camper however in a remote area that no vehicle will get into. We have contacted Forestry to see if they can check on subject with a helicopter when they are doing their fire patrols, they are busy right now, and will attempt to assist. We will attempt in the AM if not heard from, perhaps use MPP that will be down in our area in the AM . Overdue is adult male by himself staying in camper, approx 1.5 hours north of here . bridges and roads all out in the area .

1528 hrs Joel Mullen High River to Insp Pott

River almost bursting at the Highwood Bridge, location of Highway 2 at Aldersyde.

1533 hrs Sgt Neely to CSupt Stephenson

was just advised by the SAD EOC that the male involved in this incident has been rescued, however, the female, who was initially located, disappeared before swift water rescue could attend. She is believed to be most likely in the water, with little chance of survival, if that is where she ended up.

1543 Sgt Brent Hawker Ft Mcleod to Insp Pott/SSgt Ness

- Flooding Southern Alberta District - Fort Macleod Detachment •
- High volumes of rain have resulted in flooding in the western part of SAD . This is effecting the Oldman River Basin from Crowsnest Pass through to Lethbridge.
- Situation Reports will be generated in the form of BN's from each of the Commanders highlighting Current Status .
- An EOC has not been established for the Town of Fort Macleod, nor the MD of Willow Creek, however a high

TASK AND TASK ACTION REPORT

TASK00047 - LIAISE: RCMP: - HIGH RIVER DETACHMENT

water stream advisory is in effect.

- The Town of Fort Macleod has advised local residence in the low laying areas adjacent to the river, that there is a risk of flooding. Members have also visited these areas, as well as local campsites and rural locations to advise homeowners of the risk of high water. (no evacuation order has been given)
 - None of the local bridges have been closed and the current flow rate has been increased from 1700 to 2100 cubic feet of water per. The detachment has been in contact with the Town of Fort Macleod, but as yet no Local State of Emergency has been declared. The high water level is not expected until approximately 2100 hrs, and levels have risen approximately 6 inches in the past three hours.
- We have 6 members available should circumstances change, and area detachments have been notified.
- continue to liaise with the Town of Fort Macleod and attend the EOC if required.
 - Sgt. Neely MRO has been engaged.
 - We continue to await any directions that may be provided by Mayor and Council, and to notify any residence that may be effected by evacuation concerns. The flooding conditions are forecast to be greater than the 2005 flood, however less than observed in 1995.

1548 hrs Ssgt Waidson to Insp Pott email

- Update as of 1520 hrs. RV County is shutting the power off to Hamlet of Bragg Creek. They want to evacuate but they have no way to get to everyone. The debris in the water is holding up the boats. They have a call in with the DND to see what equipment they can provide to help. They will advise if they need assistance.
- There is a media release out telling people to leave Bragg Creek. 2 of those people have been knocked off of the West Bragg Bridge and are in the water. Rescue is trying to get to them.
- RV County told about release and are correcting it to advise those that are flooded to leave, those that are safe and dry to stay put.
- RV County update: DND is not available to assist with EVAC. Considering SAR to assist.
- We may need to call in some OT to secure Hamlet.
- As of 1545 Alta Transportation has still not closed Hwy #22.
- Bridge on Hwy #66 is closed. Water is eating away the foundation. Closed by barricade but not manned.

1617 hrs Cpl. McKenna to Insp Pott email

Hwy 3 open both lanes in BC and Alberta.

1647 hrs Cpl. Sharon Franks to Insp Pott

Sir Aldersyde is good. South of 2 is flooding at little bow

1801 hrs Sharon Franks to Insp Pott

Ok I have John Rotheisler from High River Det heading to the Nanton EOC. 4036066803 he has just left High River. I am remaining at the High River fire station

1803 hrs SSgt Waidson Cochrane to Pott

UPDATE as of 1800 hrs

- RV County has issued Mandatory EVAC order for Hamlet Bragg Creek.
- Residents are set up at Springbank Park for All Seasons.
- RCMP present just to keep peace and protect property.
- Hwy #22 closed by Alta Transportation at Springbank. Closure manned by Volker Stevin staff
- Bridge crossing Elbow River on Hwy 8 at 101 street closed by Alta Transportation. RCMP monitoring west side, CPS and I or Calgary Fire monitoring east side.
- Canmore Det confirms need to have west bound Hwy #1 closed at HWY #40. Cochrane RCMP continues to

TASK AND TASK ACTION REPORT

TASK00047 - LIAISE: RCMP: - HIGH RIVER DETACHMENT

man this barricade.

- 3 members called in on overtime to man barricades and support night shift.
- One Canmore member who cannot get to work in Canmore is coming in to work with Cochrane members at barricades.
- All Cochrane Day shift members are in process of being relieved .
- RV County official report that Elbow River in Bragg Creek has dropped 1 foot in last hour.
- Cochrane Detachment is good for Thursday night.
- Plans being made for Friday Morning coverage

This Just IN :ONE CHANGE. Alta Transportation has just opened bridge on Hwy 22 . No longer any barricades between Hwy #1 and Hwy #8.

1805 Hrs Naz to All email

Attached again is the SAD Management Team list with cell phone # 's for your info. Contact by cell phone is the best. S/Sgt. Dave Ness is in the EOC @ SAD, his cell# is 403 - 952 - 5888 . He is looking after resources . He will be contacting the affected detachments and call him on his cell if you need to get a hold of him.

1818 hrs Peter Ormshaw DEOC to Insp Pott

Be advised I spoke to STARS Emergency Link Centre at approximately 1700 and was advised they have one helicopter located in Black Diamond and ready to respond.

Following the teleconference I understand Canadian Forces helicopters will operate out of the Okotoks Airport. Although Black Diamond is nearby, you may wish to contact STARS at the number below to update them on our plan in the event they may want to relocate to Okotoks?

Can I recommend that the SAD EOC establish contact with STARS to facilitate clear communication?

I spoke to Merle STEELE but she indicated any staff answering that phone will have situational awareness.

Subject: Re: Update

Sir,

As an update, water is flowing into High River downtown area, something not seen for decades. There is a bridge north of High River that may be breached as when I went over, water was already to the top of the pillars supporting the bridge. The arches were still clear, but river has not crested. ICC was not accessible by road . Detachment doors sandbagged as water rising and detachment anticipated to be affected. On cell tonight if needed.

Tony, I was in contact with STARS Operation Center 1-888-999-3822. STARS has deployed to Black Diamond Oil Field Site in anticipation of a transfer from a Military Helicopter picking up casualties from High River if necessary. The military will transfer to STARS at the Okotoks Airport who will then go to the hospital of necessity. Tony it will be you that is required to coordinate the transfer between Military and STARS.

STARS has a crew change that will happen at 2100 hrs so they will be out of the picture for a short period of time and then station back in Black Diamond pending a call from you.

Chris Reister 403 809 1706 is at the High River Airport.

Military aircraft have been using that location.

TASK AND TASK ACTION REPORT

TASK00047 - LIAISE: RCMP: - HIGH RIVER DETACHMENT

Overnight we have been requested to provide an additional 20 Federal resources to assist in High River. We have canvassed the members, through the A/OIC'S and have confirmed 15 from the four Serious and Org. Crime teams. We have calls in to several others and I am confident we will have the 20 for the 08:00 briefing in the Boyd room. There are others scheduled to work today should additional requests come in.

Darcy

> > > SMART, Frank(Frank SMART) 2013-06-20 10:06 PM > > >

All

I have approved the release of 24 fed resources thus far to assist with the floods. Not sure when this will be done, but could potentially mean more as things roll on

For the scribes the you will report to the Incident Commander as noted below on your respective shifts. The Command Center is located at the John Deere Dealership on the east side of Hwy #2 just north of High River. It's address is 498114 121 Street East High River, Ab . The first High River overpass, go east over Hwy #2 to the service road and south. If you go past, you will see a large RV Dealership on west side (right when SB). I'm not sure you can access this location from the main High River overpass.

The following are the Incident Commanders and their shifts:

0700-1600 - Supt Frank Smart (403) 818 -3560

1600-2400- Insp . Tony Hamori (403) 606 - 1524

0001-0700 - S/Sgt. Gord Sage (403) 809 -4202

If you have questions or concerns, please call myself at (403) 862 - 4580, S/Sgt. Dave Ness (403) 952 - 5888 or the

Sgt. Topham,
Brian,

I had a request from the DEOC to get an assessment of High River detachment assets. They are looking for verifying the state of buildings, vehicles and any other RCMP property. Wondering what might need to be replaced, repaired or cleaned up etc.

Since you are working days at the detachment can I ask that you consult with the detachment commander to address this request.

Please reply directly to Peter Ormshaw with a CC to SAD_Flooding when that has been completed.

Thanks in advance,

Gord

Sir / M'am,

I attending meeting here at POC with Incident Commander and others.

James (Jim) Cornish CONTACT # 780-427- 8643 Director, Field and Recovery Operations, Alberta Emergency Management Agency, Ministry of Municipal Affairs was requested to head down to High River to begin categorization of homes in High River to start the processes to get some people back into their residences.

Jim advises that they already have inspectors on the ground and ready to join inspection teams, however are requesting RCMP resources but were advised that all RCMP resources are tied up with the search and recovery mission, and will be for two more days. The RCMP Superintendent (name not provided) also indicated that this function could not be performed by sheriffs given the potential for violence

The requirement to have an RCMP officer is two fold 1) to show residents that the entries to the houses were supervised by a peace officer 2) Concern for safety of inspectors (belligerent refusing, illegal activities ie. grow op etc.). He advises they already have had 1 individual get violent with them.

Jim Cornish wants to start inspecting the homes right away concentrating on the Category 1 and 2 homes whereby citizens could return back. Category 3 and 4 are homes that will need to be bulldozed or are in very bad condition. Jim Cornish advises the majority of the homes will likely fall under the Category 3 and 4.

RESOURCES ASK from the RCMP:

To assist with Inspectors - 3 to 4 RCMP members starting tomorrow morning 0930 hrs after briefing and working 12 hour shifts 0800 till 2000 hrs

PPE Requirements : rubber boots, hard hat, gloves, possibly safety goggles, flashlight

Where to Report? AEMA has a large mobile truck outside EOC in High River and his phone # as noted above is 780-427-8643 which forwards to his cell phone as well.

Duration? Unknown at this point

As of 1500 hrs today, RCMP search team led by STO have completed the physical search of all homes in High River (with the exception of a small amount in quadrant 8 which is underwater). Below are the total numbers including number of homes breached and people found within, who did not evacuate. Some of these people left voluntarily, most stayed.

I wanted to recognize the exceptional efforts of S/Sgt Scott Fuller as the TC for this search plan and the members who executed the plan. This was tough, dirty and dangerous work. Many people and pets were rescued as well.

Thanks

Frank

TASK AND TASK ACTION REPORT

TASK00047 - LIAISE: RCMP: - HIGH RIVER DETACHMENT

Date: 2013/06/24 10:33 PM

Subject: RCMP Southern Alberta Floods - RCMP Led Teams Rescue High River Residents

June 24, 2013

RCMP Led Teams Rescue High River Residents

On two separate occasions today, RCMP led teams rescued individuals in the town of High River. The two females were discovered when RCMP led teams were conducting door to door house searches. At the time of their discovery, both women indicated that their situations were becoming quite desperate and one of the women appeared to be very distraught. One of the residents was rescued by a team in a boat while the other resident was located by a team in a light armoured vehicle. Upon being rescued, both individuals were relocated outside of the evacuation area.

In each case, the female residents had chosen to disregard the evacuation order and stayed in their own homes. An evacuation order for the town of High River had been implemented on Thursday, June 20th, 2013.

Subject: High River Update Monday 2013-06-24 2230hrs

As of 1500 hrs today all ground searches were complete(no change in last reported numbers).

**TASK AND TASK ACTION REPORT****TASK00047 - LIAISE: RCMP: - HIGH RIVER DETACHMENT**

Water patrols were complete as of 2215 hrs, with all homes being done. Boats will no longer be required for tomorrow. Exact number of homes will follow once the Water Patrol returns and completes reports. Check Points are still being manned with 14 sites along with 10 Roving Patrols. Detachment is being run with Sgt Brent Keibel I/C nights and 14 members(15 total). ERT CP has been moved to High School, new location of EOC.

URT completed numerous searches with negative results for cadavers. Their briefing report has been given to STO Command.

Towing will commence Tuesday morning starting in the SE corner by the EOC. Vehicles will be taken to the rodeo grounds. First priority are to grab MD By-law enforcement vehicles downtown. After that, major north / south and east / west roads will be done. The EOC has already arranged 3 tow operators for a fixed rate. Need four (4) resources to assist with this, perhaps from Detachment resources.

Security plan has been actioned for resources and will be implemented Tuesday morning. Resource plan and check points have been posted on a map in the ERT CP for visual.

The rest is on the white board in the CP for Frank's reference.

Subject: ACCESS REQUEST in High River - Royal Bank of Canada

POC Director advises Royal Bank is wanting to secure the door of their bank as it has apparently been breached and were going to take a quick look at their vault.

Can you advise if this is possible.....if so if the request has been granted or the process to gain access please.

Thanks

Gerald

TASK AND TASK ACTION REPORT

TASK00047 - LIAISE: RCMP: - HIGH RIVER DETACHMENT

Received a call from

Royal Bank Of Canada

She attended High River today with the branch manager to gain access to the Bank. They were turned away at the road block by a member who informed her to call AEMA and obtain a pass to enter into the town?

Not sure if that is the procedure or who can inform her of what the procedure is for gaining access to the Bank In High River?

Subject: UPDATE : ACCESS REQUEST in High River - Royal Bank of Canada

Discussed this matter with POC Operations Chief here in Edmonton. AEMA has a Director at the ground level at the EOC in High River. The POC here in Edmonton are not going to issue passes from Edmonton and if there are access requests it can be done from Director at the EOC in High River. I stressed to them the conditions of High River are still not safe and how access is very limited. I stressed it would be very difficult for RCMP to start entertaining one of requests due to current mandate and resourcing. They are also aware that should anyone be supported they should be prepared to produce appropriate credentials as well.

Subject: Fwd: Network Outage - High River Detachment

>>> Carmin GAJECKI 2013/06/25 10:11 AM >>>

As per the instructions I received from Network Services this morning, below is a synopsis of what I've been working on.

130623 @ 0804 hrs - received a call from Jerry / Network Service - they were showing problems with the network in High River, the system needed to be reset. I advised Jerry that I was tied up for another hour, then would stop at the High River Detachment, then give him a call.

130623 around 1200 hrs - called Jerry - it was determined that there was power to the network. Direction was given to shut the power off to the two boxes (sorry don't know specified name), to leave the power off for ten minutes and then give a call back. Called Jerry back and the system was still down. Jerry advised that it might take a little longer for the system to reboot. That he would call me if the system was reset. But if I didn't receive a call, that he was going to send a ticket to Bell.

130623 @ 2100 hrs - received a call from Bell and advised them of the situation. I was told that the network line would run in the same cable as the telephone lines. As the telephone lines were down that would be the reason why the network lines would be down. When the telephone lines come back into service I am to contact Bell 1 800-414-9778 ticket # 12455287, and advise. If the High River network system does not reset Bell will start checking into things.

130625 @ 0912 hrs - I called Jerry at Network Services to advise him of what had been happening since our first call. I spoke with Lane who advised me to prepare this email.

If you require anything further, please let me know.

There is access into the Detachment. The detachment did not take on any water. There is power to the building. We would just require the names to pass onto the Checkpoints to allow access. Is it possible to give us an approximate date and time?

Thanks Layne

Carmin

>>> Network_Operations 6/25/2013 10:49 AM >>>

Dear Gajecki:

Thank you for your assistance in this regard. Please be advise, that currently Bell Canada have stated to NSOS, that Telus advised their Office that they have a Tech (up) for dispatch to High River DET. but they are uncertain about the current status for access to the said location and/or the area. If your Office have any information that can be helpful in addressing such, [it] would very much appreciated.

Thank you,

Respectfully,

Layne

RCMP

ROYAL CANADIAN MOUNTED POLICE

TASK AND TASK ACTION REPORT**TASK00047 - LIAISE: RCMP: - HIGH RIVER DETACHMENT**

The matter involving Minister Griffiths and CRAWFORD has been taken over by Sgt. Rob Kropp of MCU.

As per the DO's request, we have scanned all the Sit Reps and Action plans and Incident Command Structure for High River. A summary of information from tonight's EOC meeting, Re-entry plan (including a summary of concerns from S/Sgt Glen Henry) and the Authorized Entry process have also been sent. Due to the file size, they were only sent to Michele McMillen for printing.

We also faxed in the staffing list from today, and tonight's shifts. We will send a list of members who have volunteered to work Thursday night.

A key issue today was the authorized entry process at the EOC. Cst. Michelle Philips has organized this fully. Going forward, we need to have the same 3 members on dayshift and 2 on nights for the 5 day block to ensure knowledge and continuity of the process. Their replacements need to be structured the same so we have the same group of people in this duty through the rotation. The town of Okotoks has donated a number of Ipads which we will give to the checkpoints. They will be able to access a living document of people who are authorized entry.

I have requested a room for Incident Command inside the school so we can move out of the ERT CP. That will be arranged Thursday am.

Jim and Yvon wrote out the RCMP org chart for the Security group and will get that to SAD EOC at some point.

Hope I'm not forgetting anything.....

>>> Kevin MORTON 2013/06/28 7:37 AM >>>

Gentlemen,

At this point I don't have a schedule for the Detachment for continuing service. I believe the issue may originate in language. High River and High River Detachment are 2 separate entities, one group is the EOC group and they have the overall security and the overall emergency operation. High River Detachment is separate to the point of being left in the dark often.

At this point I have no resources dedicated to me and the EOC is neither prepared to release 15-20 guys to me nor do they have the bodies. They steal from us at times.

Basically Detachment needs 3 - 5 man teams under an Ops NCO for each operating period. Last night I sent a message via Dianne to Wade with the BCP and a hand written org chart. It was late and I missed a point on the note. I indicated Op's NCO 1 night and 1 day, but failed to state we needed this to repeat for all operating periods. For clarity, what is needed is: Minimally, what I have put on the chart, ignore the x2 and I need everything below the Det Com repeated 3 times, one for days, one nights and one on RTO.

I am very concerned as I have been told we should have our own dedicated resources. Brent Kiebel was told last night we were to look after getting our own resources by his EOC contact. If the guys here today, most on day 5 at least, go home I will be here alone in the am.

To reiterate High River Detachment is considered a separate operating group by the EOC and it has no clear dedicated schedule or resources attached to it that I can see at this point.

I need some clarity on this before noon. I told my guys last night that they were here for at least 4-6 weeks on a 5 on 5 off rotation and other than leave only people excused by C/Supt Harrison were exempt.

On another note entirely, I would like to have HR Traffic Services transferred to my command for Admin purposes. What I am after is the ability to facilitate the guidelines of the memo you forwarded yesterday. A note from whoever their commander is to them advising they must clear return to work with me and follow my directions with regards to operations inside HR. Basically they can't go to their homes or do property checks for anyone including themselves until the reentry plan allows them to their homes. I believe Supt. Howard Eaton is the guy to talk to regarding this.

thanks

TASK AND TASK ACTION REPORT

Subject: Re: Secured/Towed Vehicles from High River

We are continuing to receive numerous calls from owners and insurance companies of vehicles which were towed from town of High River - is there an update that we can provide to these owners etc. of the vehicles (several have attended the rodeo grounds and seen there vehicles) and the clients are being advised to call police.

Nellie

See included message and attachment. Complaint takers need to ask all callers from the High River area if they have returned to their residences and are asking for the police assistance to investigate the types of complaints detailed in the attachment. If so assign to the noted members. If not, then dispatch as per SOPs. The complaints as detailed can then be downloaded to PROS. Contact should first be attempted with the two named members.

Please pass along to all SAOCC members.

Jim, would you forward this message as required and to the two assigned members.

Thanks. Ian

Insp. Ian Currie
OIC "K" Division OCC

RE: Request for Service
Security Personnel
High River, Alberta,

Good evening,

I am enquiring about getting two First Aid Stations/Ambulances deployed to High River. We currently have 117 RCMP and 17 Sheriffs providing day shift security and 64 RCMP and 17 Sheriffs for night shift. As the hot temperatures are upon us, we are concerned about officers succumbing to the heat exhaustion.

I have left a phone message at your Calgary office but realize it is after hours. It would be greatly appreciated if you could contact me directly at 403-826-4597 at your earliest convenience.

Kind regards,

TASK AND TASK ACTION REPORT
